Message from Bulletin Editor Brian Foley

Hi Fellow Rotarians

I am writing this introductory note as President Glenyse and Sergeant Jack are enjoying some warm weather in Queensland this week. As a result, Immediate Past President Jeff Needham will preside at this week's meeting and Keith Carpenter will fill the sergeant's shoes. The July board meeting is also deferred until next week, 25 July.

Last week's club forum gave us the chance to learn of the club's plans for the Rotary year ahead from President Glenyse and the chairs of several committees and projects. Jeff Needham provided us with an update of the strategic and operations planning process now in its second year.

The plan follows well established procedures that are common in modern business and familiar to most of us. Many volumes have been written about the need and value of proper planning for any organisation. However, to be successful, a plan must be dynamic and subjected to regular review and updating. In our Rotary club all members have the opportunity to contribute ideas to the ongoing plan through the club committee process. All members are encouraged to use the committee system to bring any matter to the board.

The new club website is now operating and I appreciated the opportunity to introduce it to members last meeting. In designing the site, I have endeavoured to keep it logical and relatively easy for all users. As far as possible, we are trying to highlight what we are doing and there will be a minimum of Rotary jargon and unnecessary detail that is not needed by most users.

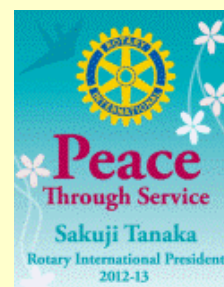

If you are not already a user of the website, please try it and get back to me with any comment or query

Have an enjoyable week

Brian

President's announcements

President Glenyse Guinan opened the meeting and invited AG Peter Murie to present a "Change Maker" certificate to Immediate Past President Jeff Needham. This recognises the club meeting the performance level set down by RI President Banajee in 2011-12.

Other president's announcements were held over to the open forum discussion.

President Glenyse chaired the remainder of the meeting

Director and member announcements

Brian Foley (International) reminded committee members of a meeting to be held that night.

Carol Quayle (Community) advised that a Certificate of Appreciation has been received from Sudden Infant Death Syndrome, Victoria following the club's involvement in the SIDS Walk around Albert Park last October.

Jeff Needham (Art Show) called a committee meeting for this week (17/7). *Len Dawson* still has books of tickets available for the Art Show raffle.

Sergeant-at-Arms

Sergeant *Jack Cooper* had a latecomer (Jack Pyziakos) and footy winners to fine and start filling the coffers. Hawthorn supporters paid double for humbling the newest AFL club. Jack did not run the quiz – perhaps he has run out of chocolate frogs. Car enthusiasts paid for Mark Webber's win in the British GP

Brian Foley told a story about a parking inspector.

Club Forum

Meeting time

President *Glenyse* opened discussion by asking members if the present club meeting time (6pm for 6.30pm start) is suitable or would a later time suit members, particularly those coming direct from work. After various comments, it was agreed to leave the time as it is.

Meeting Protocol

Jack Cooper reminded members of the following basic requirements of etiquette and behaviour during club meetings:

- The sergeant's fine for members having a birthday is \$2 to go to The Rotary Foundation
- Members should not talk while others are addressing the meeting, particularly during the guest speaker's talk
- Please stand to address the meeting or ask a question
- Remember to switch mobile phones to silent
- Try to maintain proper professional standards

Further information on meeting procedures and tasks for those rostered for the various duties will be in the club handbook for 2012-13 to be issued shortly.

Structure of Rotary

President *Glenyse* briefly outlined the structure of Rotary and the links between members, clubs, districts and the board of Rotary International. The 34,000 Rotary clubs worldwide have a great degree of autonomy in deciding what projects to undertake and how they conduct their activities as long as they remain within Rotary broad guidelines and procedures.

Art Show

Jeff Needham advised that the meeting scheduled for 7 August (the week prior to the show) will be devoted to detailed discussion of art show administration and procedures. It is important that matters such as receipt of paintings on the first night, payment procedures and security are carried out correctly.

Parking restrictions are enforced at Southland, particularly on the ground level, and members should ensure that they park in appropriate areas to avoid being fined. The rooftop area is generally OK. Rob Goode also pointed out that it is difficult to park his truck near the door for more than a few minutes on the set up night. This will be raised with Southland management.

Gnome Festival – 26 January 2013

Len Dawson gave a progress report on arrangements for the Gnome Festival to be held as part of the Australia Day celebrations at Peter Scullin Reserve Mordialloc. Len brought along two gnomes, "Mordy" and "Maude" mascots for the event.

The day is seen as a major public relations opportunity for the club and has strong backing from Kingston City Council. Among the many attractions planned are a 40 piece brass band, jumping castle, animal farm, Rotary enquiry booth (Kevin Harrison), sausage sizzle and the council has agreed to pay for 250 egg and bacon rolls. Apart from the gnome committee, many other club members have roles or will have on the day.

Len distributed a flyer giving more details. This information is also on the club website

Forum continued

Strategic and Operational Plan

Jeff Needham gave a general explanation of the planning process that was used for the first time last year. The 2012-13 plan has been prepared as a draft based on information from committee heads. As it now stands total expenditure would be approximately \$50K, greater than likely income. Some further refinement will be carried out and the final adopted plan will be available to members

*New club website <http://mordiallocrotary.org.au/>
Brian Foley gave a demonstration of the new club website that is now operating. It uses modern features and replaces the 10-year old site*

The site opens with a photo of Mordialloc Creek, by Len Dawson, that clearly identifies our club. The site has features that are intended to be useful for both Rotarians and the wider community including a calendar, news features, bulletin, details of major project activities, club contact and locality details and links to many other useful sites. There is a password protected section for material that is only relevant to Mordialloc members. Login details are available to members

The site will be developed further and members are encouraged to use it and suggest material for inclusion

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
