### Message from President Glenyse Guinan

My dear Rotary Friends

The Interplast Golf Day was held last Friday at Woodlands. The day was mild, sunny and absolutely perfect for golf. John Fowler's team from Le Pines were the winning team and the Toll Holdings' team came second. Special thank you too all of the corporate sponsors who have made the day possible. Thanks to Charles Wilkins, Pat Doran and Jim Dowling, members of Woodlands Golf Club for their assistance, and also to Stephen Brudenell and staff of the Woodlands Pro Golf Shop. This year we missed the presence of Barry Donaldson although all of his preparation prior to the event ensured its success. Our members lead by Russ Hellier and Jack Cooper worked tirelessly to put on an excellent day with a good financial result. Thanks to all who assisted.

The District Training Assembly will be held next Sunday 19 May, at Deakin University in Burwood and will take on a different format this year. Rather than being instructive, clubs will meet together in clusters. The aim is to establish a planning exercise of local clubs and to ensure Rotarians have an expanded network of local contacts. It is hoped that all clubs will come away with a list of projects they will be able to work on together. We encourage as many members as possible to attend in particular new members and the incoming board.

We have a couple of fun club activities coming up starting with a fellowship dinner this Thursday evening at Peking Duck Kitchen restaurant in Cheltenham. Then on Sunday 26 May we will enjoy a trip to the Tyabb Airfield and historic museum to be followed with lunch at the Tyabb Antique Shed. All Rotarians and friends are welcome – please advise Tim if you wish to come.

It was great to have Kay and Helene back from their holidays and Barry will be back this week. I would like to wish Damian West all the best with his new treatment.

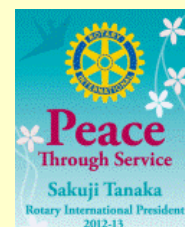

I look forward to seeing everyone on Tuesday when the guest speaker will be our own Kay Gordon. It will be a partners' evening.

Have a good week

Glenyse

**Last Meeting  
No 2016, 7 May at Mordialloc Sporting Club**

**Attendance:** 23 members, 1 visiting Rotarian, 1 guest

**Apologies:** John Fowler, Malcolm Finlayson, Jack Pyziakos

**Visiting Rotarian:** AG Jo Beilby (Mont Albert & Surrey Hills), guest speaker

**Guest:** Don Van (past member).

**Make-Ups:** Clem Quick (Moorleigh Moorabbin), Keith Carpenter (Malvern), Glenyse Guinan (District meeting)

**Sickness:** John Dawe is not well again. Margaret Tye has been in hospital and is now recovering at home.

**Travellers:** Helene Rogers has returned from Africa. A post card has come from Jill Brear in South America.

Helene referred briefly to her appearance on *Hot Seat Millionaire* on Channel 9 Television the previous evening.

**President's announcements**

President *Glenyse Guinan* announced the following:

- A reminder about the Interplast Golf day on 10 May
- This year's District Assembly will be held on Sunday 19 May at Deakin University Burwood. A different format is being adopted for this year with participants seated in cluster groups
- The committee updating the club strategic plan for 2013-14 was to meet on 8 May.
- A club fellowship dinner is to be held on Thursday 16 May at Peking Duck Kitchen Chinese Restaurant, 1220 Nepean Hwy, Cheltenham.
- The visit to the Tyabb Airfield museum on Sunday 26 May commencing at 10.30 am followed by lunch

*Brian Foley* chaired the remainder of the meeting

**Director and Member Announcements**

Carol Quayle (community) announced that only two Entertainment Books are still available for sale.

*Bob Travers* (new generations) advised as follows:

- The first application had been received for the National Youth Science Forum.
- Cheltenham East Primary School wish to run a Wheelathon similar to that held at Mentone Grammar School last November.
- Helen Brunt has joined the group assisting with the school reading program at Mordialloc Primary School.
- RC Dingley Village is seeking an additional host family for the next Youth exchange program.

*Clem Quick* reminded about the next Bunnings sausage sizzle on Friday 24 May. A roster will be prepared

*Cliff Riley* reminded us that May is Rotary Bowelscan month and urged everyone to take part in the relatively simple bowel cancer screening program. Testing kits cost \$10 and are available from Cliff or at participating local pharmacies. Completed test kits **must be returned to one of the pharmacies before the end of May** to be included in the testing program.

*Don Butler* has met with Kingston Council staff regarding a program of tree planting and improvement works to be undertaken on the north side of Parkdale Railway Station during the coming year.

**Sergeant-at-Arms**

Sergeant *Jack Cooper* had no latecomers this week but still mentioned Mike for being early! Max Crimmins had his 88<sup>th</sup> birthday last Saturday – congratulations Max. Footy winners were fined and there were quite a number of tipsters who scored all nine. Russ Hellier is still the clear leader. Rob Goode has sold his Beaumaris home and could afford a fine. President Glenyse had a \$ delight with her son coming home from working in Doha

Jack again ran the weekly quiz covering Rotary knowledge questions as well as those on geography, history, chemistry and general knowledge. The frogs keep coming.

**Guest Speaker – Jo Beilby “Rotarians against Malaria”**

Jo Beilby came as guest speaker in place of the scheduled speaker, Jackie Gleeson who is undergoing medical treatment. Jo is a member of the Rotary Club of Mont Albert and Surrey Hills (MASH) and currently an Assistant Governor for one of the Monash clusters. Jo has qualifications in health economics and works in health promotion while also undertaking PHD studies in global health specifically dealing with malaria.

Jo's address outlined the general global situation regarding malaria, summarised as follows:

- Malaria is a major fatal disease with some two million deaths worldwide annually.
- The incidence of deaths is greatest in children under five years, with approximately 3000 deaths per day, and pregnant women.
- The disease occurs mainly in tropical countries along the Equator, many of which are developing countries with limited health facilities and that is where the great majority of deaths occur.
- Many mosquitoes carry the malaria virus and a bite from an infected mosquito is the way that the virus is transmitted to humans.
- If a person becomes infected, or is suspected of becoming infected, rapid and accurate diagnosis is needed to identify the strain and provide the correct medical treatment.

Continued P 3

Jo Beilby (cont)

- Australia officially became malaria free in 1987 although parts of Northern Australia can still be prone to transmission of the disease.
- Malaria reduction programs are based on prevention by restricting the opportunities for humans to be bitten by a carrier mosquito.
- Rotary clubs in Australia have been active in malaria prevention through the Rotarians against Malaria (RAM) program aimed specifically at PNG, the Solomon Islands and other Pacific areas.
- A major element of the RAM program is provision of chemical impregnated mosquito nets for use in villages to protect the inhabitants from mosquito bites at night time when the mosquitoes are most active. The nets cost \$10 each and last five years.
- Other prevention works include removing sources of mosquito breeding by draining stagnant water ponds.

Malaria is also endemic in many tropical areas in Africa and Tim Fitton volunteered the information that he had contracted it while working in Tanzania.

Cliff Riley proposed the vote of thanks for the interesting presentation and discussion.

The contact persons are:

Margaret Tye	9583 8929
Dorothy Capper	9585 5773

**District Assembly Sunday 19 May**

The District Assembly is the main training seminar held for incoming club officers to learn about specific programs and activities for the next Rotary year. There are also sessions for new members and all Rotarians are welcome to come to hear the latest Rotary news.

This year's District 9810 Assembly will be held on Sunday 19 May at Deakin University, Burwood Highway, Burwood. The brief program is:

Registration	8.00 am to 8.45 am
Plenary Session	8.45 am to 9.30 am
Break-out sessions	9.30 am to 12.30 pm

Presidents Elect and Partners Lunch 1.00pm - 2.15pm  
 Presidents Nominee and Partners Lunch 1.00pm - 2.15pm

Registration details are with Len Dawson

## Special Notice to Clubs:

District Governor Brian Martin has asked that the following request be brought to attention of Rotarians:

*"To whom it may concern,  
I am writing to you today as a Monash Rotaract member of District 9810 and as a researcher in Bipolar Disorder and genetics. Our particular interest is in identifying endophenotypes, the expression of neurocognitive and social cognitive enhancements or deficits, which will aid in identifying specific genes. Identifying genes will greatly aid in creating novel treatment for those people suffering bipolar disorder, both immediately as techniques for psychotherapy may be developed and long-term as new genetic markers will lead to novel pharmacotherapy options.*

*In association with Swinburne University, Monash University and the Alfred Hospital, we have particular interest in this gap in the literature, which we intend to address with this project. These benefits for treatment in Bipolar Disorder will aid in improving functional, occupational, social interactions and daily living.*

*We would like to recruit First Degree relatives (e.g. siblings or offspring) of those people suffering bipolar disorder but do not have the disorder themselves. Participation involves completing an array of cognitive and emotional tasks in addition to a survey and an interview. We also require a blood sample for genetic analysis. The cognitive battery includes testing your executive functioning abilities, attention, working memory and more. Everything is confidential and participation is voluntary. You will also be paid \$50 for your time once you have completed the interview, cognitive battery, survey, and provided a genetic sample.*

*If you are interested in taking part in this study please contact me at [michaelreynolds@swin.edu.au](mailto:michaelreynolds@swin.edu.au) or on 9076 6564.*

*Kind Regards  
Michael Reynolds  
Psychology Honours Candidate  
Cognitive Neuropsychiatry Stream  
Monash Alfred Psychiatry Research Centre/Brain and Psychological Sciences Research Centre, Swinburne University.  
The Alfred Hospital*

Editor's note: Michael Reynolds is scheduled to speak to our club meeting in the near future. Family members and friends who are interested in the subject are welcome to attend.

### The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
